RE: Royal Carting Site (#314011)  
(T) East Fishkill, Dutchess County

Dear Mr. Dana:

I have reviewed the following documents relating to the proposed Phase II Investigation, including:

1. Health and Safety Plan
2. Revised Phase II Investigations Work Plan
3. Quality Assurance Project Plan

I have no specific comments on the above documents; however, DOH is interested in sampling drinking water supply wells located on Royal Carting Property and wells in the vicinity of the site. The wells we plan to sample are: Royal Carting property well, the tenant house well, the well of the house adjacent to the employee parking lot on Route 82, and the recently constructed house well located north of the site. Arrangements to sample these wells will be made this month.

If you have any questions or suggestions relating to this matter, please contact me at (518) 458-6305.

Sincerely,

*Maureen E. Reynolds*
